

Jon Snow at a Dinner Party

Thank you all so much for coming over.

Of course, this is so nice.

You know I actually walked here all the way from Brooklyn because it's so beautiful today.

New York is gorgeous in the spring.

Spring has officially sprung.

Winter is coming.

Who's your new friend again Seth?

This is Jon. And Jon actually I think winter is over and we're headed into spring now.

Winter is coming.

Ok.

The snow will fall 100 feet deep. The ice wind will howl out the north and the sun hides its face for years and children will all be born and die in the dark.

So much for global warming.

You won't be laughing when the white walkers rip you limb from limb. And packs of pale spiders as big as hounds feast on your remains. A

So how does everybody like the wine?

It's great, where's it from?

It's from a place in Napa called Tramsberg Valley.

You know my Mum is actually from Napa.

I didn't know that!

I never knew my mother.

Sorry to hear that Jon.

I'm a bastard.

Ok, but you don't have to call yourself that though

I'm the bastard son of Lord Stark, of Winterfell, Head of the Stark Family, warden of the north.

Well, he sounds like an impressive guy. Do you and your father keep in touch?

His head was chopped off.

You know you were talking about how you don't have any friends, and this is why.

I'm just making small talk.

No no none of that is small talk. Small talk is what do you do for a living, do you have any siblings.

Ok.

So, do you have any siblings?

One brother. Lives in Cleveland. You?

My brother was stabbed to death at his own wedding.

My bad, my bad. I knew it as soon as I said it.

Are you still in Brooklyn Michelle?

No, I moved to the city.

We just moved to the city too. And let me tell you, it was the right decision.

The wall.

What's that Jon?

The wall, that's where I live. It's 400 leagues north of Kings Landing.

So, like Staten Island?

Oh it's no island sir. It's a cold, dark place, 700 feet high and 300 miles wide. Made of nothing but pure ice, with conditions so harsh and cold it would make your little prick fall off.....The brussel sprouts are amazing. What's this? Pancetta?

It is.

Ah, Seth, where did you two say you met again?

CrossFit.

The high intensity interval training keeps me in shape for fighting wildlings while the increased muscle mass helps me defend the 7 kingdoms against 55 foot giants.

And I just, you know, want to look good for TV.

I like your friend Seth, he's so interesting.

Your red hair, reminds me of my first love, Ygritte.

Ooh Ygritte. Tell me about Ygritte.

She shot me with 3 arrows in the chest and then a child murdered her in cold blood.

Was it the child murder stuff?

Yes.

I'd like to apologise for the way I've been acting. Work has been very stressful.

Why?

It's a complicated story.

We've got time.

Ok, well it started when Robert Baratheon, King of the 7 Kingdoms....

Wow.

That should be a series of books.

No, I think it would make a better TV show.

So, wait, who do you think your mother really is?

Well, I've thought about it a lot and I'm 100% certain...

Let's play charades!

Yeah!

Dyerwolf...3 eyed-raven...incest

Time

You know nothing Jon Snow.

What was it then?

You got mail.

Oh I love that movie.

Me too.

Really?
